Senior Year

As we finish our senior year, we look back at the lessons we have learned during our time here. Thank you to our class officers Lynn Tang, Grace Frasier, Elizabeth Santore, and Ava Cateletti, and all of the staff for making our four years here memorable. While not being able to do most things due to Covid, we brought back many of our favorite activities. As we go our separate ways, we want to remember all of our memories made and people we have met along the way. Good luck Class of 2023!

CLASS OF 2023

HISTORY

Freshman Year.

Our freshman year is one we will never forget. It started off normal in 2019, but as soon as 2020 hit, so did the Coronavirus. The start of the year was off a bit shaky when we did not have bleachers because of asbestos..... but we made it work. We could not have a Pep Rally, no indoor sports in the high school for that fall season, and ~~EEE~~ affected our outdoor fall sports. March 12, 2020 was our last day of in-person school that year. The "two weeks off" turned into a whole lot more. We all thought it was a little fun vacation. Then we had to do online school. Figuring how to work Google Classroom, and Google Meets was not fun. Remember when there was a toilet paper shortage? This was not the best start to our high school careers but we figured it out.

Sophomore Year.

We are not freshmen anymore! As we recovered from a year cut short due to the pandemic. We celebrated as many firsts together as we could with our masks above our noses of course. We worked with administration so they were able to provide us with the most normalcy we could have. While half of us stayed home on a "remote" schedule, the rest of us did a hybrid learning and savored our hour and half lunches in classrooms everyday and our outdoor mask breaks with our favorite teachers. Although many of us count sophomore year as a "blur" we will never forget those Wednesday half days where we slept all day and did all our Edpuzzles at night, the joy of seeing our friends in a crowded zoom for driving school, and the disappointment of not being able to attend sporting events without a ticket. For those who played sports we remember the daily Covid forms and the pack of extra masks we always had to carry during our season.

Seniors

Junior Year.

As we entered our junior year of high school, all we hoped for was a normal school year. Most of us got our licenses and were eager to get a good parking spot on the first day. We came back to school on a normal schedule, but we still had to wear masks for the first half of the year, even for sport events. We also had our first homecoming dance held at school. This was another year without a normal pep rally, but we were fortunate enough to at least have one outside on the turf. Our boys' basketball team made it to the state tournament round 16, and we took a bus to Malden Catholic to watch. When we came back to school from February break, we had the option to wear masks or not. We were excited, because this meant no masks at prom. This was our first prom and it was held at The Log Cabin. As the year came to a close, we watched our friends graduate and we became the new seniors.

Senior Year.

From freshman year being cut short, the class of 2023 is finally graduating with senior year being our first normal year of high school. While the Class of 2023 is the last class that went through Covid during high school, we can definitely say that our four years here were not a normal high school experience. This year we finally got to have our first inside pep rally and experience our senior prom. As we all part our ways, some of us going to college, enroll in the military, or start working right away, we will never forget the memories we made together throughout the unusual years. Good luck 2023!

KID PARTY

There was a bit of a twist on this year's Senior Kid Party! In the past we would dress up as our favorite childhood characters. This year's party, we focused on playing our favorite childhood games. We faced off competing in an intense dodge ball game, through a few bean bags in the corn hole game, had three-legged races, enjoyed a game of spike ball, and scooted around the floor in the scooter races. There was also a station set up for the creative students who helped design posters for the Pep Rally. When we needed to take a break from all the fun games, we enjoyed some of our favorite childhood snacks while we reminisced about our years in school together.

Our yearbook staff worked hard all year to create a book full of memories.

Our staff is made up of seven hard-working seniors, who worked tirelessly to meet every deadline. You would find us Period 2 taking pictures, interviewing students and teachers, writing summaries and selecting photos of events that happened throughout the school year. We hope everyone enjoys this year's theme of "Diary of an Agaway High Kid"...we were hoping to bring back some happy memories.

Junior Year

This year our Class of 2024 became upperclassmen. With a rough start to high school being all remote or hybrid, we continued our journey on. Most of us were able to get our license and pay for a parking pass. As junior year being one of the most important, we took part in spirit week and pep rally showing off our school spirit. With a very eventful year, we will be able to look back at all the memorable moments and start to plan our futures.

Sophomore Year

This year, our Class of 2025 grew as a whole with everything being back to our old traditions. Our freshman year was maskless but there still were some restrictions. We are in the middle of our high school careers, getting our permits and learning how to drive. We are at the year that we need to pass the MCAS so we never have to take it again. We are half way there and are so eager to continue our high school journey!

Freshman Year

Coming from the junior high to the high school is a big transition that is not easy. This year was a chance to start a new journey for the next four years. Our freshmen are an extremely athletic, large class. We were able to start our year off with a traditional pep rally that has not happened in many years. Our high school journey will be completely back to normal, which means we do not have to experience the "Long Hall." We can now say we completed our freshman year and it is time to keep moving forward!

THE LONG AND SHORT OF IT:

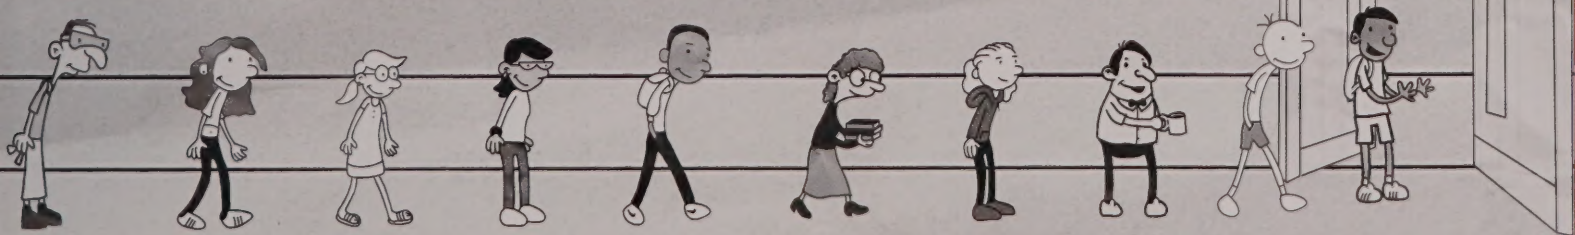

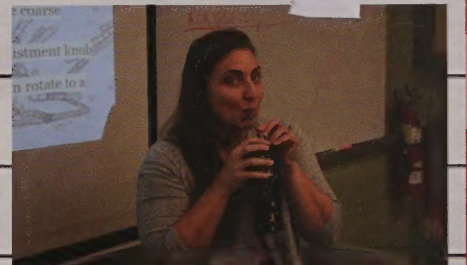

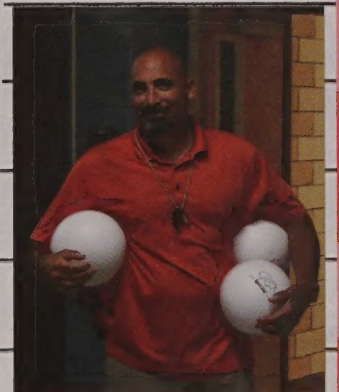

Why We Come To School Every Day

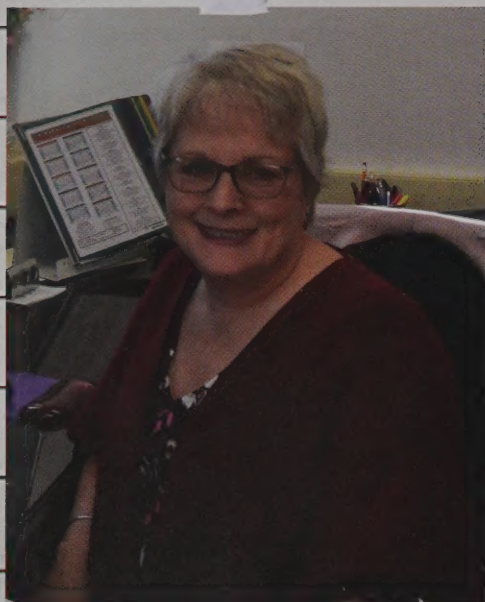

Throughout the year, our faculty and staff work hard every day to make sure we have a memorable experience during our time here. Teachers come in early and stay late to get more work done and give us extra help when needed.

Faculty and administrators advise the clubs we are interested in and listen to our ideas. They will always push us to succeed. We thank the faculty and staff for all they do for us.

RETIREEES

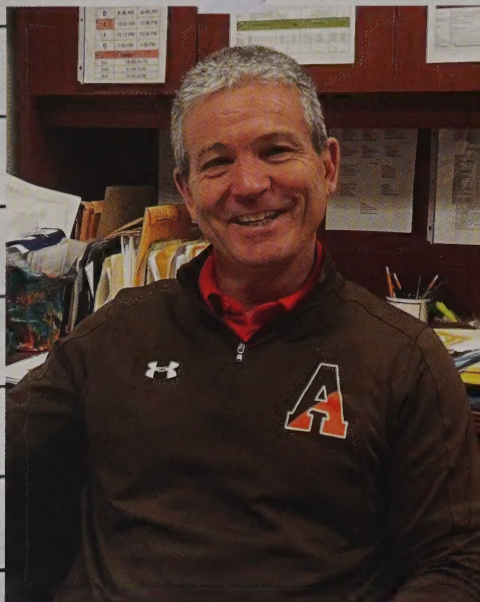

Mrs. Susan Feyre

Mrs. Feyre became a high school administrator because of her love for helping students. She has been an administrator for 16 years with us.

Besides working for Agawam she taught in Chicopee for 10 years, and was even an assistant principal at Parker for 3 years. Mrs. Feyre plans to take time and connect with her friends and family after retirement, along with completing her bucket list! Throughout her years here, she has witnessed all the technology changes like going from chalkboards to the smart boards. She wants to thank her work family for many great years, and many memories that will never be forgotten.

"When you give it your all and you're kind, you'll have no regrets." ~ Mrs. Susan Feyre

Mr. David Stratton

Mr. Stratton AKA Stratt has been our athletic director for 13 years, and has worked for the Agawam Public Schools for 29 years. One highlight of his career was starting the Unified Basketball team. At his time here he witnessed it go from all paper to almost full technology. Stratt opened a judo club with one of his martial arts friends, and plans to teach an Athletic Director course at Springfield College. Mr. Stratton has always been involved with athletics, which has influenced his career. He will miss helping and interacting with all the kids.

"High school is a small part of life, take the lessons you learned and grow as a person."
~ Mr. Dave Stratton

Mme. Nancy Kundl

Madaue Kundl became a French teacher because she was not interested the corporate world but still wanted to utilize her language skills. She has been working at Agawam High for 37 years and has been working in education for 40. She also worked for Holyoke Public School and UMASS, Amherst as a teacher's assistant. Growing the French program has been one of the highlights of her career. Mrs.

Kundl stated that she will miss the kids the most. Madaue Kundl's plans for after retirement are to catch up on projects at home and travel on the off season. Her biggest dream after retirement is to travel from Boston to Seattle on Rt. 90.

"Keep going, it's worth it. Keep pushing through despite the obstacles." ~ Madaue Kundl

Ms. Susan Galereave

Ms. Galereave became a guidance counselor because she was interested in working with students all of kinds and getting to know them personally. She has been working at AHS for 13 years, but has spent 24 years in the educational field. She has worked at Agawam Junior High, Longmeadow, and Monson Schools.

One of her career highlights has to be working with the GSA group. Things Ms. Galereave will miss are working with students and their families, working with GSA students and leaders, and sharing ideas with her colleagues. Her plans after retirement are to not wake up to an alarm, get outside more, and learn Spanish.

"Be kind to each other, try and understand those who are different from you, never give up, and follow your passions." ~ Ms. Galereave

Brian Izzo

Mr. Izzo became a teacher because he has always worked with kids. He has been working in the educational field for over 40 years and spent the last 15 of those years at AHS. One highlight of his career has been the kids with the crazy things they did in class. He said that the kids today are weirder than 30 years ago. With Mr. Izzo working with kids for most of his life the thing he will definitely miss will be his kids that he has taught over the years. All Mr. Izzo would ever talk about in class would be how when he retires he can go sit on a beach somewhere in Florida. Now this dream can become a reality for him.

"Anything is possible and be nicer to each other." ~ Mr. Izzo

THE LONG PRACTICES:

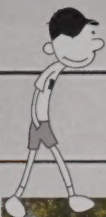

for Victorious Competitions

Our Agawam High School is big on athletics. With us wearing our jersey's every day we have games for each sport. From cheering in the bleachers at home games to showing school spirit during spirit weeks, our school is known to be loud at games from football in our stadium to hockey games at Olympia. Our athletes work hard at long practices to prepare for games. Our sports teams put their heart out on the fields, tracks, ice rinks, courts, pools, slopes, courses, and mats.

After COVID threw everyone a curveball, our team has come back better than ever, having our first normal season since 2019. We started the season off with a win against Pittsfield, a team notorious for being tough to beat. Brady Kerr stated, "The team's chemistry has improved greatly since the beginning," which certainly shows in our performance considering the eleven wins we had this year. We grew a lot together, always there to encourage one another, whether it be cheering from the bench or doing our best on the field and at the plate. This season was full of highlights, the best including playing a game at Dunkin' Donuts Park and a night game played at the Blue Sox Mackenzie Stadium. We even made it to the state tournament, falling short to Holliston High. This year was surely one to remember and we will miss our seniors.

Our 2022 boys' varsity lacrosse team would say that it was a great year because the huge improvement from last year and the incredible bonds between each of our players. The Brownies took home a huge win over the Blue Devils on April 7 with a score of 15-8. Captain Jake Napolitan says, "These have been the best four years of lacrosse I could ask for." Many of our players have said how excellent the team's chemistry has been and we are so glad to be a part of such a wonderful team. Anthony Buoniconti says, "We became a powerhouse." With a close game against the Terriers, Brownies won 6-5, and Brandon Prior made 17 saves. A highlight of the season for many of us was the long-awaited win against East Longmeadow. Although we lost in the Western Mass quarter finals, we will be ready to go farther next year!

Our 2022 girls' varsity lacrosse team led by Captains Emily DeGeorge, Kailey Butler, and Marissa Hermans had an outstanding season. Our five seniors made a huge impact on the team on and off the field. Agawam girls' varsity lacrosse is a force to be reckoned with. We have built up a big reputation and placed second in our division. This season we worked extremely hard and learned that we are better than we think when we almost beat Longmeadow by one. Marissa Hermans said "A lesson I learned from my season was that nothing is impossible. We began the season with little numbers, and no subs- this took some time to adjust to, however, after some losses we were able to come together and learn to play smartly in our situation yet be successful." You can often catch us out to dinner or enjoying a fun team-bonding sleepover! We competed at WENU for a state title and placed 7th out of the 38 teams invited!

Our Agawam girls' softball started the season off with a win against East Longmeadow winning 5 to 0. We then faced our rivals Westfield and Hampshire falling a little short in the games. During the game against Frontier, Rebecca Littlehale hit a grand slam to help with the 13-3 win. We persevered through our past losses and pulled off a strong win against Pittsfield, which has not happened in four years. This was a confidence booster for our Agawam Softball Team, which allowed us to continue our 7-game winning streak. Towards the end of the season, we faced Westfield again, keeping them with the lowest scoring game Westfield has had all season, with a score of 2 to 4. Even though we lost to our rivals, we were still proud of the fact that we kept them from scoring as much as they are used to. We ended our regular season games with a win against West Springfield, which led to a blowout game against Amherst in the Western Mass Playoffs. Overall, our girls' softball team has kept up our determination and fight to win every game this season.

Our 2022 season has been a growing year. Going into the season with a rough start, we put our best efforts forward and did not give up. As stated by Tyler Gervais, one lesson learned from our season was "to be more confident in yourself and your abilities." Towards the end of the season we came out with a 3-2 win against Central and a 2-2 tie against South Hadley. This year our team was closer then ever. At practice everyone cheered each other on and when we were not at practice we had hangouts with pizza and swimming. Dylan Fisk said, "Tennis is always gonna have a small team so it is important to stick together and work off one another." and that is definitely what happened this season.

Our 2022 girls' tennis team certainly made this year one for the books! With our opening win against Amherst, a clean sweep versus Central 5-0, and another well-deserved win on senior night against South Hadley 3-2, we worked hard for every point. It was not all about the scoreboard though. Throughout our season we bonded as a team with fun activities like team dinners and post-game interviews on the bus. Gabriella Manes said, "It's such a good environment and as a group we all want to make each other better." This was shown in many ways throughout our season. The leadership and friendship of this year's seniors will definitely be missed, but the team will always remember all the fun times and challenges that made us a family.

Senior captain, Jayden Montagna said, "In the beginning, people weren't in good shape, but as the season progressed everyone improved and we got closer as a team." We grew not only as a team, but as a family. We worked well together because of the amazing team bonding that we shared during pasta parties, singing on the bus, and playing capture the flag. As the season continued, we improved our scores and on May 2 we won against East Longmeadow High School with a score of 89 to 47. Our girls' outdoor track definitely had a memorable season this year. Starting off strong, our track stars won their first meet with 73-68 against Longmeadow. With such a great start to the season everyone was ready and willing to give it their all. And we did just that. With another awesome meet, our track team scored 82-62 against Amherst. Some members of our team broke their personal records during competition, like Diana Ghareeb who scored first place in throwing with her personal best. Our team made memories spending time together during practices and warm ups while listening to Olivia Barbarini's warm-up playlist. Overall this season held many memories and our girls' outdoor track team will miss the seniors that are leaving this year. Fortunately, there are more memories to come as traditions like the 'laying down on the mats' before meets will continue.

Our 2022 boys' volleyball team was ready to make the season one to remember. The season started off with a victory over Putnam, which gave our team the confidence we needed to succeed. We had a tight bond, which made it even more special. Our three seniors, Kannon Behrens, Matt Nigro, and Dilip Kirik, lead the team with great determination and a positive attitude. We secured a victory against many teams including Belchertown and Chicopee Comp with scores of 3-0. The team worked hard on and off the field and did not let the losses get into our heads. Ziek NGuessan says, "Play hard, grow together, and give it all you got." Each game was a new challenge and our team was ready for every one.

Our boys' cross country team developed into strong runners throughout the season. This was a great season for us, we practiced hard and our efforts paid off as we began to win our meets.

Ryan Stairs got his 5k time down into the 18's.

We ended with a 3-2 record, beating East Longmeadow, Holyoke, and West Springfield during our last three meets. In addition to the hard work during practices, our team bonded by having Frisbee matches after our meets and team pasta parties with the girls' cross country team. One of our memorable moments this year was the trip to Wrentham for States. We all look forward to starting off strong for next year's season.

Our girls' cross country team struggled in the beginning to recruit new runners, which means we did not have the required five runners to participate in meets. We finally were able to find new runners to join our team and won two meets against East Longmeadow and West Springfield. Captain Reese Stevens, who was named Super 7, lead our team and did amazing during the season. In our first meet she placed first with 22 minutes and 12 seconds, and was followed by Alyssa Baever in close second. All of our girls did their best and beat their personal records. We bonded at at our pasta parties, which help build a supportive team. Our girls' cross country team had high hopes and positive attitudes making it a fun season overall, and we look forward to continuing our success next season.

This season we started strong and tied Frontier, one of our top competitors, 0-0. We went on to win our next couple of games! Towards the end of the season we hit a rough patch against Minnechaug and Longmeadow, but then we pulled off a 5-0 win against Northampton. Our chemistry both on and off the field this year was amazing. When we were not playing or practicing you could catch us playing paintball with our coaches or enjoying our amazing pasta parties before each home game to give us that pre-game fuel to get the win! Freshman Sarah Kriebel scored her first career goal beating Westfield 1-0. The AHS Field Hockey program was awarded the Mickey Sullivan Award for outstanding student-athlete achievement. Way to go team!

Our gymnastics team got much better as we worked together this year. We developed new skills and learned many lessons, such as to work together, have fun, and never give up. Some highlights of our season were our wins. We won our first meet, 116-102 at Minnechaug against Chicopee Comp. Neve Mickiewicz was top all-around performer of the day finishing with 32.3 points. Our other win was at home against Chicopee Comp where we beat them 117-108. Steel Land won his event at this meet. There have been a few tough losses this year but we picked our heads up every time. Steel Land says, "Value teamwork over winning." The team grew at practices and performed their new skills very well at meets.

We later faced a tough 1-2 loss against Pope Francis, and then a 1-1 tie against Pittsfield. Scoring his first goal of the season and the only goal of the game was Nick Uschmann. We were not happy about these last few, but we pushed through and won the next three games. Half way through the season we tied against Minnechaug with Carter Clark making seven saves. Gavin Shlosser got his first varsity goal on Holyoke and scored twice more to help the 10-1 win. The team headed to the WMASS playoffs and beat Amherst in the quarter finals with Quinn Donohue scoring the winning goal. Round 32 of the Statewide Division II tournament with 5 seconds left in the game, Plymouth North scored a goal to finish off the game with a win. Our boys played a great game and had a good season. Our nine seniors left big roles to fill in the Agawam Soccer program, and they will all be missed.

Our girls' soccer team had ups and downs throughout the season. It was a building year due to the loss of five seniors last year. Our focus this season was to work on our skills and bond as a team. Madison Oyler and Ava Fitzgerald scored the two goals in our first win against West Springfield.

We had a tough loss against Wahconah 2-3, but Kayla Santucci saved 5 goals that game. We finished our season with a 2-0 win against West Springfield and a 4-0 win against Pittsfield. Although we had more losses than wins, in the end we became closer than ever. This season will definitely be remembered. Madison Oyler said it best, "always focus on getting better and working toward the end goal, not the result of one game."

Our Unified Basketball Team started off very good and only kept progressing as the season went on. The first game we played was against West Springfield. We were able to make awesome passes to our teammates and even shoot many baskets. Our players love to play and always give it their all on the court at every game. Later in the season, we took on Monson. Garrett dribbled the ball down the entire court and shot an awesome basket. Then, Meadow got the ball back from the other team and went to shoot another basket. Overall, our Unified Basketball Team did an amazing job on keeping up the hard work and having a very successful season.

Our girls' volleyball team had an amazing year. With only 5 losses, it was one of our best years yet. We made it far, and with our 6-1 league record we were League Champs! Our girls had a total of 412 kills this year, 101 by Taryn Crowley, and 100 by Megan Ball. Our 2-3 loss against Westfield was one that we will not forget. Winning two sets was a big step for our confidence because Westfield is a hard team to beat. We bonded by going out to team dinners, especially to The Hangar. This was a year that will never be forgotten. We played Longmeadow at States, but even though we lost 1-3 with scores of 22-25, 25-23, 22-25, and 20-25, they were close, exciting matches that ended our season. The six seniors this year left a huge role to fill for the AGVB, and they will always be remembered.

Our cheerleading team had a great start to their fall season, cheering the boys' football team on with all their wins and losses. We baked our best treats for our boys after their games. We worked hard to perform the best pep rally routine we could. Once fall ended, winter began. We brought our spirit back for our basketball players. Our cheerleaders even worked their hardest at practice to lead their competition team all the way to the State Competition. Even though the comp season was a little bit rocky, the dedication our cheerleaders had was unbeatable. To sum up the season, it was the best one yet and we should be proud. Congratulations to our seniors, and best of luck to next year's squad.

Our boys' basketball team took their first win against East Longmeadow, winning by 6 points. Our boys had a rocky start to their season but they continued to push through and practice hard. We took an awesome win, at home, against Belchertown, crushing them with a final score of 73 - 52. Matt Cleavall summed up the season saying, "We got better as the year went on, especially in the last three weeks, we continued to work through our hardships and play our best." Our boys had an amazing bond. We bonded in the basketball group chat, bus rides, and shooting after practice. Our boys' basketball team kept their heads up and continued to improve during their season.

Our team started a little slow, but we ended up winning meaningful games towards the end. We started the season off 2-3. In our 6th game of the season, we had a road trip to Mount Greylock. This was a tough game for us, but we ended up winning 60-50 and getting the win we needed. Jazmin Dunbar led the team with 18 points. Towards the end of the season, we had three important wins in a row. We beat West Springfield, Drury, and East Longmeadow. The Drury game came right down to the wire, forcing overtime. Stefane Phillips led the score sheet with 17 points, and Grace Frazier was not far behind with 16. We ended up winning the game 55-54. We worked well together and ended up making the state tournament. We traveled to Westborough, but lost the game 45-60. We say goodbye to our eight seniors and wish them luck in the future!

This year our boys' ice hockey team had many wins. With Agawam winning 3-1 against Westfield for the first time in eight years as our season opener. All our boys were most excited about winning against Longmeadow 2-1 in overtime. The goal was made by our very own Zachary Hurley crowning him the OT hero. This was big for us because Longmeadow was this year's Western Mass Champions making this a huge victory. Head Coach Todd Rowley led our team to many victories and some losses and even a few ties with a record of 10-7-1. Our boys bond with pasta parties and hanging out as a team. With seven seniors moving on, captain Nick Shea leaves a message for the team,

"win Western Mass and savor every moment because it goes by fast."

Our boys' indoor track team this year got much better as we worked hard on our skills. Our hard work was shown through our performance at meets. Our 4-2 relay team placed first more than once. One of the highlights of the season was when Ryan Stairs placed first in the 1000 meter with a sub three minute time. Another highlight was the following week when Jordan Stallworth placed first against Westfield in the 55-meter dash with a time of 6.96. Hunter Stark says, "The highlight of my season was becoming best friends with my teammates." Most consider track an individual sport but we were always working as a team to succeed.

Welcome all farm animals and fairgoers alike to the Zuckerman barn (otherwise known as the Agawam High School auditorium), where a young girl, Fern, and her lovable piglet, Wilbur, spent their time with the eccentric cast of other family members and farm animals. On the historic nights of May 26 and 27, we saw a heroic spider turn a terrific, humble, radiant pig into a miracle, and their friendship became a beautiful reminder of the things you will do for those you love. Our cast and crew worked tirelessly to bring this timeless story to life, and they could not be more grateful for the opportunity to perform live and maskless once again. Not only was Wilbur, "some Pig," but both the students involved and the audience agree that this really was "some play."

"I felt very welcomed by the chiefs and they were helpful."
~ Sydney Frasier

Our Chiefs are a group of dedicated 10th, 11th, and 12th grade students that assist during freshmen orientation. They greet our freshmen, answer questions, and give tours of the school making the upcoming freshman feel welcomed. Throughout the year, the Chiefs are there to help the freshmen acclimate to their new school. They also pride themselves in being positive role models for the students at Agawam High. Aiden Kane said, "The chiefs provide a thorough freshmen orientation and made sure the incoming freshmen feel safe in their school environment."

"I think it was a great experience. They did a good job making us feel welcomed."
~ Ella Ukrainets

"There was a lot of energy that everyone spread, which made it so much better."
~ Emma Gendron

HOMECOMING

"My favorite part was dancing and hanging with my friends."
~ Sophia Gill

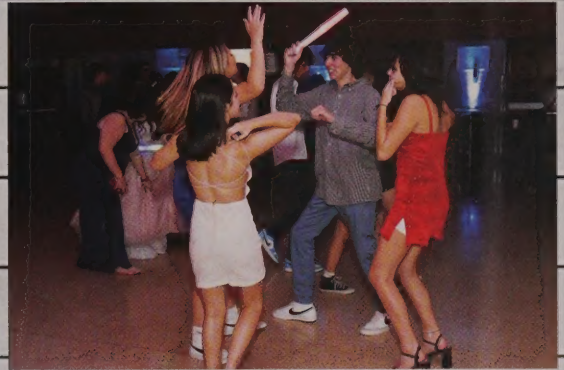

Our 2nd homecoming dance at AHS was on Saturday, October 22, 2022. This year we had a King, Queen, Prince, and Princess! All grades came together for a fun night in the school, full of dancing and sweet treats. While the DJ was blasting music, everyone huddled around in a dance circle, and sang along. The cotton candy machine was a big hit this year for everyone. Davis Bryant won homecoming King, Ella Agudelo won Queen, Aiden Kane won Prince, and Isabella Garcia won Princess!

"I liked being able to come together as a school and dance, eat, and most importantly, have me win."
~ Davis Bryant

SPIRIT WEEK

Peer Leadership was in charge of Spirit Week this year, which ran from November 14 - 23. We dressed comfy on Monday for Pajama Day. Tuesday was BBQ Dads vs. Soccer Moms. On Wednesday, everyone was supporting their favorite sports team for Jersey Day. Thursday it was Cold Front versus Heat Wave, and Friday was USA Day. Students and staff dressed Country or Country Club on Monday. On Tuesday we had our Color Wars (seniors dressed in black, juniors in blue, sophomores in gray, freshmen in green, with staff in red/pink), and we ended spirit week on Wednesday with our traditional Orange and Brown Day.

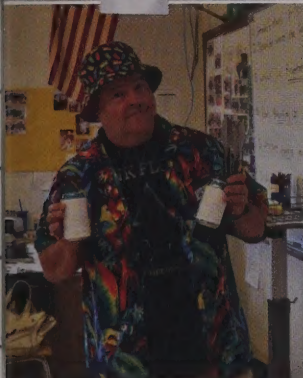

The football boys wore their uniforms on Orange and Brown Day to show some school spirit.

POWDERPUFF

"My Favorite part was celebrating our real touchdowns when the clock hit zero."
~ Elizabeth Santore

"I think my team fought until the end, and we had more heart than the other team and that is why we came out victorious."
~ Coach Matt Benard

Seniors vs. Juniors

"My team did good and even though we lost this year we will come back and win next year."
~ Samantha Gryszowka

Our Powder Puff Game this year was intense with our juniors and seniors. Our seniors were coming back with vengeance after a crazy upset last year losing 99-0. With two touchdowns and a field goal kicked by Mary Papova, our seniors pulled away with a win. The sidelines were going crazy throughout the entire game. With our seniors wearing brown custom shirts that said "23 SENIOR" and our juniors banning together to wear all pink. The teams played rough this year with Madeline McGregor able to "sack" quarterback Grace Frasier multiple times in the game. Both teams played to the very end with the seniors coming out on top with a score of 14-0.

"I have no idea how football works or how it's played but it was fun watching people tackle each other." ~ Aiden Kane

PEP RALLY

Seniors '23

Juniors '24

Our Pep Rally was inside for the first time in four years. Due to our bleachers not being ready on time in 2019, we had to move our Pep Rally to March, then unfortunately Covid-19 hit the week before our Pep Rally causing us to not have an indoor Pep Rally for three years. Last year we got to have an outdoors Pep Rally on our Harmon A Football Field. Finally this year was indoors just like the past. Our seniors were especially excited seeing as this was our first real Pep Rally in all the four years that we have been in the school. We had activities like, which class can sing the loudest, sack races and of course our class Tug O' War. With match ups like Freshmen vs. Juniors and Sophomores vs. Seniors, and with Juniors and Seniors coming out on top, they then fought each other for the top spot. Unfortunately for the seniors the juniors beat them, but the seniors were convinced that they won. Pep Rally was an overall fun day with many memories made.

"At least Lynn did not wind up like she does on the softball field, I just did not want to get hurt."
~ Ms. Bonavita

Orange & Brown Day

Sophomores '25

Freshmen '26

"Doing the sack race with Kylie, and screaming as loud as possible and finally having a normal pep rally was the best for my senior year."
~ Marisa LaRocque

"At least we did not have to sing my little tea pot this year."
~ Taden Gonzalez

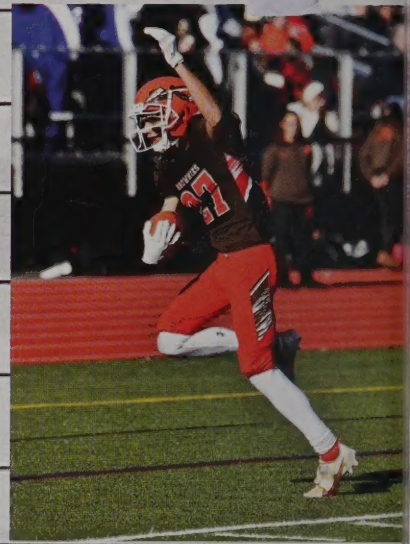

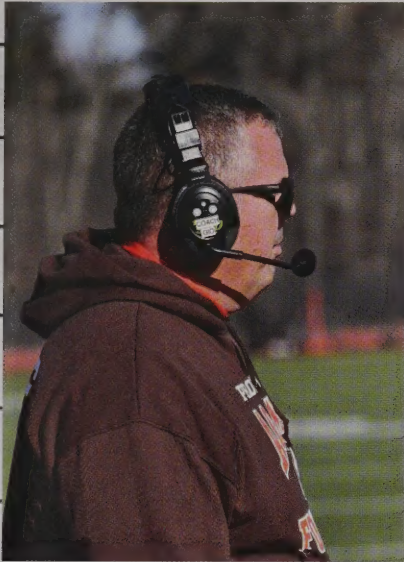

"It was really fun and all the juniors came together to crush the seniors in Tag O' War." ~ Nicholas Ugolini

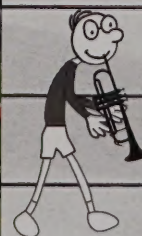

"It was cool, but the freshmen should have won everything, it was rigged."
~ Cole Ingham

THANKSGIVING DAY

"I will never forget when Hannah hit her highest toe touch basket."
~ Tayden Gonzalez

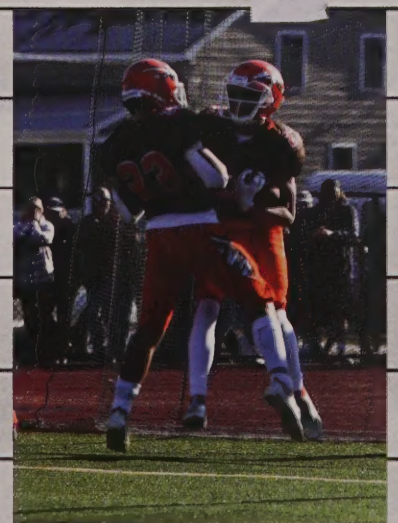

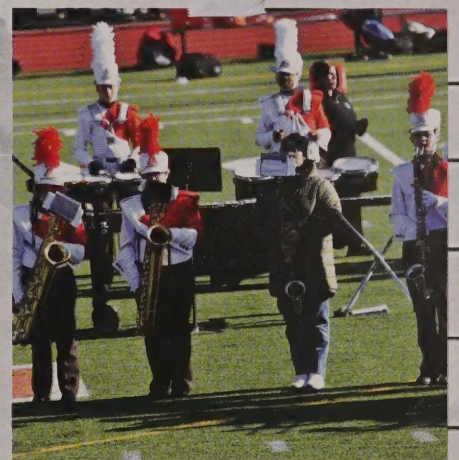

Brownies vs. Terriers

"A great combo of modern band members and former Agaway students sharing a common interest in music and sportsmanship." ~ Jordan Edwards

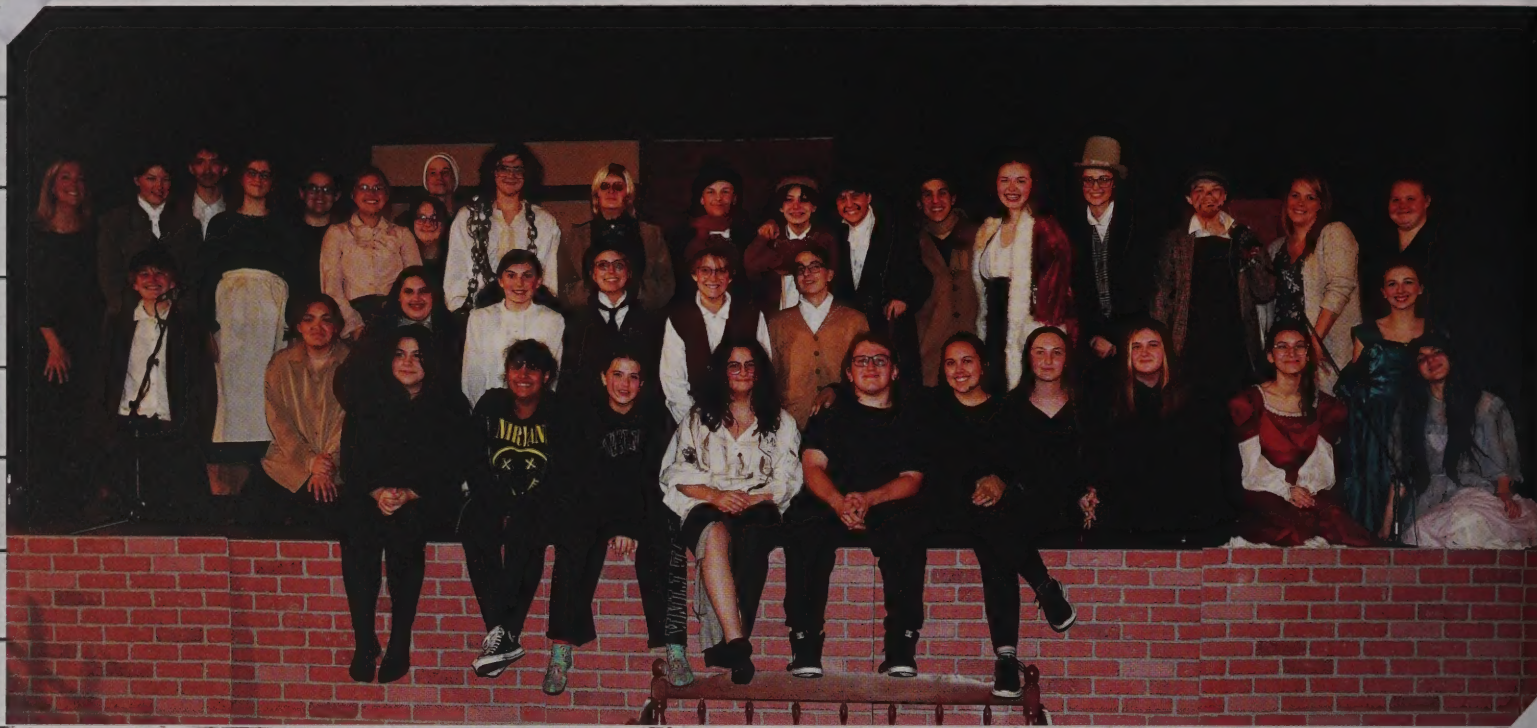

Our 2023 Thanksgiving Day Game was the closest one in a while. There was an outstanding amount of people cheering on our football team, our band and our cheerleaders. There was a great combination with our current band and former Agaway students performing with West Springfield's band. Our cheerleaders performed their best, throwing up all kinds of stunts and showing off their amazing basket tosses. Our football team pushed through and made outstanding catches to the end zone. With a quick pump fake Niko Nazzolilli made an excellent pass to Thomas Cascio and he ran it in for a touchdown. We were able to take a lead in the second half. Overall the Thanksgiving Day Game was one that will be remembered.

"Any day where Thomas Cascio can score is a good day for me." ~ Niko Nazzolilli

A Christmas Carol

"The play went well, and we all worked together in the little time frame we had to prepare."
~ Sam Beckwith

"It was so exciting to be in the play and that everyone enjoyed it."
~ Hailey Goulet

A Christmas Carol, a classic, reminds us to humble ourselves by considering our neighbors from all walks of life. We are proud of our Drama Club for coming together this year and working on this seasonal favorite, a script that is both familiar in its story but daunting in its language and staging requirements. We all agreed to "save the drama for the stage." Our students are wise beyond their years, old souls who studied the script to truly understand Dickens' purpose and keenly lived by the values presented in the tale throughout this rehearsal process. We put forth a production that is wrought with Christmas spirit: the message that all should be included, tolerated, and considered.

Talented Artists

"Anytime our students have a forum to share their creative skills and visions is amazing. AHS has some of the most innovative thinkers!"
~ Ms. Waters

Our Winter Arts Festival, popularly known as WAF, was an amazing night of people coming together to celebrate the wonderful art made by the many talented students of our school. Artwork from over fifteen classes were showcased including, Drawing and Painting, Sculpture, Mixed Media, Art Honors, Digital Photography, and Graphic Arts. There was also an art sale and bake sale at the event, visitors were able to purchase artwork and delicious baked goods. The fifteen students of the National Art Honors class were specifically showcased and each had their own display. Mrs. DeCaro says, "It's always a great event because it showcased our wonderful students." Our Winter Arts Festival was a success in bringing students and families together to celebrate art.

- Congratulations! We are all so very proud of you. Once you begin your life journey these 7 things to keep in mind.
1. LET IT GO--Never ruin a good day by thinking about a bad yesterday.
 2. IGNORE THEM--Don't listen to other people, live a life that's empowering to you.
 3. GIVE IT TIME--Time heals everything.
 4. DON'T COMPARE--The only person you should try to beat is the person you were yesterday.
 5. STAY CALM--It's okay not to have everything figured out. Know that in time you'll get there.
 6. IT'S ON YOU--Only you are in charge of your happiness.
 7. SMILE--Life is short. Enjoy it while you have it.

Sean Colfer Class of 2023

2005, Sean knew how to make an entrance. At just over 10 pounds, he was a trifle bit large for his doorway into this world. It was the proverbial square peg in a round hole. Perhaps that was prophetic.

Sean has always resisted typecasting. Football player, swimmer, singer, academic, gamer, fisherman, hiker, seeker of truths, There are so many facets, he dazzles in the sunlight.

So ends the forward, to what I know will be a remarkable novel. But I look forward to the first chapter and flipping all the pages as the story progresses. Having a front row seat to the start of this amazing journey has been a privilege.

Congratulations Sean.

I'M BORED . . .

"The state of being weary and restless through lack of interest."
— Merriam-Webster

Melinda Wenner Moyer, writing for *The New York Times*, suggests some ideas to combat boredom.

1. First, try to understand why boredom happens.
2. If a task is boring because it's too easy or too hard, tweak it.
3. If you're stuck doing things you don't find meaningful, try to reframe the task.
4. When you don't know what to do, don't scroll endlessly through your phone.

pain at the pump

The summer of 2022 brings the highest gas prices on record due to an increase in the cost of crude oil, refinery outages, the war in Ukraine and a greater demand during the busy travel season. The price hike had a major impact on consumers and small business owners, causing increased costs for filling up cars and transporting goods and services. Prices eventually stabilized and returned to normal levels.
